

Property Commission

Building on a Strong Foundation

has been a value instilled at our church since the area's Germans settlers first laid the base of the congregation that would come to be known as Parkway UCC. Parkway UCC has been blessed with good facilities and grounds. It is the Property Commission that is responsible for the proper use and care of the properties of the church including land, buildings, and equipment. The property commission contracts, instructs, and supervises the services necessary to maintain these properties. Of course, many tasks are completed by the commission members themselves.

physical

As defined by the church by-laws, the Property Commission is comprised of five members. However, the responsibilities of the Property Commission are shared by several additional and dedicated volunteers who share expertise in areas such as HVAC (Heating, Ventilation, and Air-Conditioning) and electrical maintenance.

In Our Keeping

One of my favorite movies is Lilies of The Field. I can relate to the character played by Sidney Poitier... who is building a Chapel. I understand how the people of the church come together to provide a place where the faithful can come and worship. If the church building is God's vehicle, we keep the vehicle maintained.

~Rock Solid

*Whatever you do, work heartily,
as for the Lord and not for men.*

Colossians 3:23
